

The **MN State EMS LODD Memorial Foundation** is a nonpartisan, nonprofit organization dedicated to raising funds for the creation of a EMS Line Of Duty Death (LODD) Memorial on the Minnesota state capitol grounds.

Currently there is no physical memorial in the State of Minnesota for EMS workers who have lost their lives in the line of duty.

Those who have made the ultimate sacrifice deserve the honor and respect that this memorial will bestow. We kindly seek your support to help us achieve our goal.

All donations are collected by the **HCAPE Foundation**, a 501c3 nonprofit organization under a fiscal sponsorship agreement. All funds donated will go directly to the MN State EMS LODD Memorial foundation to support its mission and goals.
